

Zeotech Gold

Zero phosphate, zeolite silicate fertilizer.

Guarantees to grass top quality and beauty for more than 10 weeks.

NK 14-8 +2Fe

BENEFITS

- Ideal for low mowed sports areas such as fairways and football pitches; grass is denser for improved ball bounce and faster playing quality
- Keeps ornamental lawns at their best 365 days/year with low maintenance costs
- Guarantees turf excellence with just 3 yearly applications in March, May and September
- Works immediately (visible effect 7 days from application), enhancing turf growth and color for up to 2 months
- Easy to distribute, dissolves quickly and easily without scorching, even at higher dosages
- Exceptional dual nitrogen slow release action. Zeolite and methylene urea (32% of total N)
- Ecological. Its high content of zeolite and humic acids, reduce nutrients losses through the soil profile

TECHNICAL FEATURES

14 % Nitrogen (N): 7,0 % ammonia, 2,5 % ureic, 4.5 % methylene urea
8 % Soluble potassium oxide (K₂O)
30 % Sulphur trioxide (SO₃) soluble
2 % Iron (Fe) water soluble
10 % Zeotech 300® activated chabazite
1 % Humic Acids
Contains Lignin Sulfonate
Granular size: 2,5 mm

Fertilizer–biostimulant for intensively maintained, premium turfgrass areas such as fairways, sport fields and quality lawns. Combines in a homogenous granule two slow release nitrogen concepts: zeolite fixation and short chain methylene urea. Has the benefits of its main ingredient, the zeolitic silicate Zeotech 300: a very high cation exchange capacity and an outstanding water retention. Contains Formula GP, a proprietary root&shoots growth promoting formula, with lignin sulfonates and humic acids. In the soil improves solubility and assimilation of water and nutrients (iron in particular) and increases microbial life. In the plant enhances metabolic and photosynthetic enzymatic activity and promotes a bigger root mass and density

APPLICATION METHODS

Monthly maintenance:

30-40 gr./m² (300-400 kg/ha) from April to October

Irrigate for about ten minutes after application

PACKAGING: 25 kg bags on 1050 kg pallets
